

March 19, 2019

The parking spots for unit owners of building 13 are mostly in carports with the half units (78.5, 80.5, 82.5, 84.5, 86.5, 88.5, 90.5, 92.5) allowed an exposed parking spot. The board feels the ½ units are entitled the space just in front of their storage unit which has their unit number attached. Please, refrain from parking in any of the spots that are in front of outer storage spaces unless they belong to you. There are numerous unassigned spaces for additional parking as well as overflow lots in front of the tennis court and across from the pool and office steps.

Respectfully,

The LaSalle's Woods Board of Directors
